

Legend Aqua Marine

The beauty is in the simplicity

An **intriguing form, high-quality FSC-certified wood** and **sophisticated fragrances** which are our response to the trends in the perfume industry. This is Legend: a fragrance enclosed in an **air vent clip**.

Its minimalist design will give your car a classy touch, and the scent of perfume that we used in the clip will be gradually released for many days, so that the driver and the passengers really enjoy the ride. Discover a new dimension of car fragrances.

Experience an exquisite AQUA MARINE fragrance: opens with a refreshing chord of **sea water**, in which juicy, energising **grapefruits** and **tangerines** are immersed. After a moment, they are accompanied by a spicy heart: **bay leaf, cardamom** and delicately powdery **violet**. The base is deep with resinous **guaiac wood**, mysterious **patchouli** and **purple**.

- **minimalistic design**
elegant air vent clip made of FSC-certified wood
- **Neutra Boost®**
long-term, effective neutralisation of unpleasant odours
- **unique and long-lasting fragrances**
inspired by exclusive perfumes
