

Twist Crystal Glow

Let's twist again and again

Twist is a minimalistic fragrance **pendant** made with care for every detail: starting from the shape which conveys perfection, through high-quality certified wood, to the balanced fragrance compositions that fill the pendant.

Each of the five variants is a fresh approach to car fragrances: the **inspiration from top perfumes** translated into sophisticated fragrances that will keep you company for many days.

Experience an exquisite CRYSTAL GLOW fragrance: the olfactory tale that Crystal Glow tells begins with exotic **saffron** wrapped in **jasmine**. The heart is warmed by deep accords of **amber wood** and **amberggris**. The base is created by a dash of balsamic **resin** and majestic **cedarwood**.
